
KLAYCOATBRICK

COLLECTION

Glen-Gery

The image shows a modern building facade with a grid of rectangular windows. The building is constructed from brick, with a central vertical section of light-colored brick and the rest of the facade in a darker shade. The windows are arranged in a regular grid pattern, and the building is set against a clear blue sky.

BRICK PRODUCT

Product Overview

Available in an unprecedented variety of colors (including customized iterations), Klaycoat® offers a world of new options to satiate your imagination when it comes to building with brick. Its permeable coating bonds to the surface of the brick and allows liquids and vapors to pass in and out without compromising the overall brick aesthetic.
